CORPORATE SOCIAL RESPONSIBILITY

As an infrastructure company, we prioritize giving back to society and making a positive impact in the communities we serve. We engage in community development programs like building schools, providing clean water, granting scholarships, supporting local sports teams, and funding cultural events.

We invest in sustainable infrastructure projects to reduce our carbon footprint. Our goal is to build lasting relationships with stakeholders, create a positive impact, and contribute to a sustainable future for all.

Football Match

we have chosen to sponsor sports as part of our CSR program. Keystone Infra co-sponsored the Hero-I league 2022-23 at the NEROCA Football Club Imphal, Manipur. We have invested in local sports tournaments and equipment to create a lasting impact on the communities we serve.

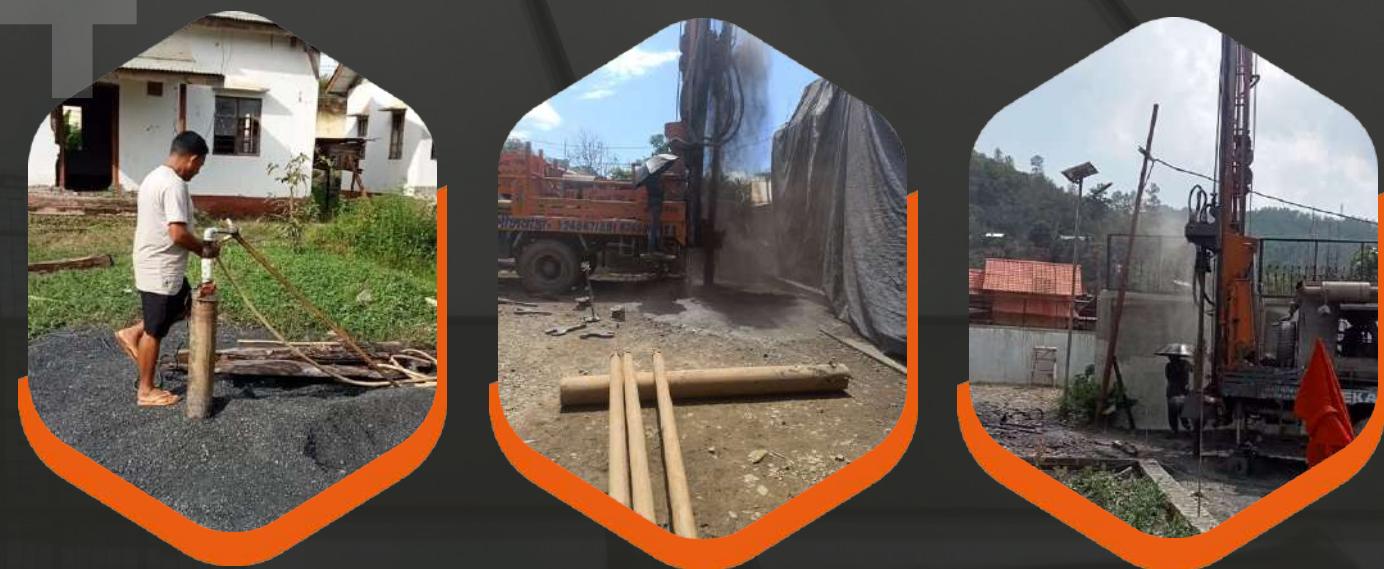

Medical Camp

Keystone Infra organized a medical camp in Imphal to ensure and maintain their good health. We understand that good health is fundamental to the well-being and productivity of individuals, families, and communities. Therefore, we partnered with experienced medical professionals who provided free consultations and treatment to the people. The camp was a success, and we were able to assist many people in need.

Borewell

We have constructed borewells in areas where people do not have access to clean water. We recognize that access to clean water is essential for good health and hygiene, and that's why we take this responsibility seriously. At Keystone Infra, we remain committed to improving the lives of people in the communities we serve.

14

Polo Horse Riding Club

Keystone Infra co- sponsored the International Women's Arena Polo Cup 2023 at HRPC Horse Riding Club. Through our sports sponsorship, we aim to promote social inclusion and provide opportunities for skill development.

Environmental Friendly Project

A 4 days joint survey works led by Engineering team, Directorate of Environment and climate change from 20th August,2022 for the project "Rejuvenation and Conservation of Nambul River at Imphal, Manipur was initiated by Keystone Infra.
